

## Year 12 Subject Selection Form for 2020

Student's Name: \_\_\_\_\_

Career Options: \_\_\_\_\_

Potential tertiary courses: \_\_\_\_\_

This student is planning to:

Complete SACE

Complete SACE and obtain a ATAR  
(Australian Tertiary Admission Rank)

Stage 2 subjects/ VET already completed: \_\_\_\_\_

<b>Priority</b>	<b>Subject</b>	<b>Recommendation from 2019 teacher</b>
1	Research Project (10 credits)	N/A
2		
3		
4		
5		
Res 1		
Res 2		

### Counsellor's Checklist

The student has completed all prerequisites for these subjects

The student has chosen subjects that meet any prerequisites for their chosen tertiary study

**Please return to the front office by: Friday 23rd August 2019**

NOTE: When students preferences have been collated, subject lines will be formed in order to meet as many requests as possible. Whilst every effort is made to cater to all students, in the event of unresolvable timetabling clashes, we will use reserve choices.

History	
Information Processing & Publishing	

### **OPEN ACCESS COLLEGE:**

Students in year 12 are able to enrol in an Open Access College subject (OAC), which allows for more choice. However, we encourage each student to limit this to one subject, as the learning is more independent and it is often a challenge to keep up with the work load in year 12.

### **VOCATIONAL EDUCATION AND TRAINING (VET):**

Students in the Senior School may be interested in pursuing a more practical TAFE Course, Trade or a School Based Apprenticeship. This path to a career is an option which allows you to stay at school while you gain credit for a course (for example a TAFE course) and also complete credit points for your SACE. In effect for each element you complete you get credit for your SACE and credit for TAFE units.
